PROFILE OF LOMITA

The City of Lomita is located 26 miles south of downtown Los Angeles and is bounded by the City of Torrance on the north and west, the City of Los Angeles to the east, and the City of Rolling Hills Estates on the southwest. Southeast of Lomita is the City of Rancho Palos Verdes and unincorporated County land. The City's total land area is 1,196.8 acres or 1.97 square miles.

The City of Lomita "began" as a residential tract (Lomita Subdivision) in the early 1900s. In 1907, the Lomita Subdivision covered seven square miles. As the lots were sold, water wells, a school, a general store (with a post office), and other businesses soon followed. In 1909, churches were built and in 1920, the Bank of Lomita was established.

In 1923, oil in the area was discovered while drilling for water. The resulting "oil boom" in the area led to the conversion of residential lots into oil fields. Rapid growth occurred in the Lomita area, as egg ranches, fruit orchards and agricultural uses formed the community. Lomita became a center for the agriculture and oil extraction activities in the South Bay area.

In the 1940s and 1950s, portions of the Lomita Subdivision were annexed by adjacent cities. By 1964, only 1.97 square miles of the Lomita Subdivision remained when the City of Lomita finally incorporated. Lomita is a contract City with a Council-Manager form of government. The City Council is elected at large to four-year terms. The Mayor is selected by the City Council for a one-year term.

Today, the City is almost completely developed, and the remaining vacant land is limited to scattered parcels. Existing development in the City is characterized by residential neighborhoods at varying densities, with commercial uses concentrated along Pacific Coast Highway, Lomita Boulevard, Crenshaw Boulevard, Narbonne Avenue and Western Avenue.

The Lomita Railroad Museum is the only one of its kind west of Denver, Colorado, and was made possible through the generosity of Mrs. Irene Lewis who donated the museum to the City in honor of her late husband. Complete authenticity is the hallmark of the museum that is dedicated to the proud era of the steam engine.

In 1990 the City took over Water District 13 from the County of Los Angeles and has been successfully operating its own water department ever since.

BUDGET USER'S GUIDE

The Lomita City Council adopts the Annual Budget by formal resolution, prior to July 1st of each year. The budget serves as a financial plan for the City which identifies the projected allocation and application of resources over the budget cycle.

The Annual Budget is designed to present summary information about the City's financial plans for the year in a user-friendly format. The Budget is organized by department, and the programs within the departments. Expenditures are displayed and subtotaled by type:

- Salaries & Benefits
- Operating Expenditures
- Capital Outlay.

The Budget Summary illustrates the fund(s) to which a program allocates its expenditures. The Annual Budget also includes the following sections:

Introduction Section: Includes the Table of Contents, List of City Officials, City Organization Chart, Profile of Lomita, and Facts & Figures About Lomita.

City of Lomita Budget User's Guide: Includes overview of Annual Budget, detailing city-wide revenues, expenditures, and fund balances.

Operating Budgets: Includes program budgets by department, with narratives highlighting the prior year accomplishments, explaining the function of the program, uses and sources of funds, line-item detail, budget comment worksheets, and department salary expense worksheets.

Appendix: Includes Revenue Fund Definitions and Authorized Uses, Glossary of Terms, and Acronyms List.

BUDGET PROCESS

The City's budget process begins with the distribution of a Budget Preparation manual, which contains:

- Budget Schedule
- Current Organization Chart
- Accomplishments (prior year document) for updating
- Revenue Worksheets
- Expenditure Worksheets
- Capital Improvement Program Worksheets
- Budget Comment Worksheets

Line-item budget development is accomplished through the City's financial system, which allows each department to build its budget using computerized worksheets. The individual departments are directly responsible for developing the Materials & Supplies line items and part-time employees' salaries. The remaining Salary & Benefit information is calculated and entered by the Administrative Services Department.

BUDGET USER'S GUIDE

All supplemental budget requests (new personnel, service, or equipment) are presented on separate forms and are subject to City Manager review and approval before becoming part of the operating budget. All proposed budget information is compiled, printed, and distributed to the City Manager, Assistant City Manager, and the Department Directors. The revenue estimates are reviewed with the department budget requests to determine available funding levels for the fiscal year. The City Manager, Assistant City Manager, and Administrative Services Director then meet with the departments to review the operating and supplemental budget requests.

Once the budget data has been reviewed and all changes have been made by the Administrative Services Department, a Proposed Budget is prepared. After final review and approval by the City Manager and Assistant City Manager, the Proposed Budget is presented to the City Council at a scheduled Budget Study Session. Prior to June 30, a Public Hearing is held by the City Council, and the Annual Budget is adopted by resolution.

During the fiscal year, the budget can be amended as necessary to meet the City's needs. The City Council has the legal authority to amend the budget at any time. Department Directors may only authorize expenditures based on appropriations previously approved by City Council action, and only from accounts under their organizational responsibility. Actual expenditures may exceed budget appropriations by line-item but may not exceed the department's budget. The City Manager has the authority to approve interdepartmental appropriation transfers as long as they are within the same fund. Interfund transfers require a budget amendment by the City Council.

BASIC ACCOUNTING

City of Lomita's accounting system is maintained on a fund basis, in accordance with governmental accounting standards. Each of the City's twenty-eight funds is considered a separate accounting entity with a self-balancing set of accounts that records assets, liabilities, fund equity, revenues, and expenditures. Funds are established and segregated for the purpose of recording specific programs or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Funds are classified into one of three categories: *governmental* (general, special revenue, debt service, and capital projects), *proprietary* (enterprise and internal service), and *fiduciary* (trust and agency). Governmental funds account for activities usually associated with a typical state or local government's operation. Proprietary funds are financed and operated in a manner similar to private business enterprises, where the intent is to recover the costs of providing goods and services from user charges. Fiduciary funds are utilized in situations where the government is acting in a fiduciary capacity as a trustee or an agent.

All governmental funds are budgeted and accounted for using the modified accrual basis of accounting, which recognizes revenues when they become susceptible to accrual, i.e., measurable, and available. Available means collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period. Examples of such revenues include property tax, sales tax, and interest earnings. Expenditures are recognized when the fund liability is incurred.

BUDGET USER'S GUIDE

Proprietary fund revenues and expenses are budgeted and accounted for on an accrual basis. Revenues are recognized in the period when earned, and expenses are recognized when incurred. The following Classification of Funds describes, in detail, the various types of funds and their purpose as established by the City of Lomita.

CLASSIFICATION OF FUNDS

GOVERNMENTAL FUND TYPES:

General Fund

The General Fund is used to account for resources traditionally associated with general government which are not required to be accounted for in a separate fund including: sales tax which includes Measure L, property tax, transient occupancy tax, licenses and permits, fines, and forfeitures. This fund is used to finance most of the basis municipal functions, such as general administration, public safety, parks and recreation, and community development.

Special Revenue Funds

The Gas Tax Fund is used to account for the City's share of State and County gasoline tax collection in accordance with the provisions of the State of California Streets and Highway Code. Revenues are disbursed by the State based on population and must be used towards the maintenance and repair of City streets that serve as State and County thoroughfares.

Measure R Fund is used to fund projects such as pothole repairs, major street resurfacing, left-turn signals, bikeways, pedestrian improvements, streetscapes, traffic signal synchronization and local transit services.

Measure M Fund is used to fund projects such as repair and maintenance of public roadways, pavement maintenance, slurry and rubberized seals, chip seals, pothole repair, pavement rehabilitation, roadway construction or reconstruction, utility undergrounding, curb, gutter, sidewalk, tress, roadway signage, median and parkway improvements, and storm drain systems in connection with any roadway improvements.

Measure W Fund is used to fund projects dedicated to increase local water supply, improve water quality, and protect public health.

Community Development Block Grant Fund is used to account for federal grants for programs benefiting low-income persons and/or families.

The Proposition A Fund is used to account for proceeds from the half-cent sales taxes generated by the approval of Proposition A by Los Angeles County voters. These funds, which are administered by the Los Angeles County Metropolitan Transportation Authority (MTA), are distributed based on population, and must be used for transportation-related projects.

BUDGET USER'S GUIDE

The Proposition C Fund is used to account for proceeds from the half-cent sales taxes generated by the approval of Proposition C by Los Angeles County voters. These funds, which are administered by the Los Angeles County Metropolitan Transportation Authority (MTA), are distributed based on population, and must be used for transportation-related projects.

Transportation Development Act Article 3 (TDA 3) Fund is used to account for funds from MTA that must be used for pedestrian, bicycle, or bicycle-related projects or programs.

The AB 2766 Fund is used to account for proceeds received from the additional vehicle registration fee imposed by the State and regulated by the Air Quality Management District (AQMD). These funds are distributed based on population and must be used for programs designed to reduce air pollution from motor vehicles.

The Landscape Maintenance Fund provides for the utilities, maintenance, and capital improvements for the Palos Verdes bicycle path within the City of Lomita. Money is received from a special assessment placed on each tax bill of property owners in Assessment District No 1.

Park Facilities Fund is used to account for Park Development Tax and Quimby Act funds.

Park Athletic Fund is used to account for user charges for park athletic programs.

Park Grant Fund is used to account for State Parks and Recreation Grants.

Lomita Manor Development Fund is used to account for the local U.S. Housing and Urban Development (HUD) conventional housing programs of the City-owned senior housing complex, Lomita Manor.

American Rescue Plan 2021 Funding provides emergency funding for local governments to remedy the mismatch between rising costs and falling revenues. Funding will help cover the costs incurred due to responding to the public health emergency and provide support for recovery – including assistance to households, small businesses and nonprofits, aid to impacted industries, and support for essential workers. Funding provides resources to invest in infrastructure, including water, sewer, and broadband services.

Capital Projects Fund

The Capital Improvement Fund is used to account for capital projects not eligible for funding from other specific funding sources. The City established the fund in fiscal year 2001-2002, and the funding source is from transfers from the General Fund. Specific projects and their budgets are described in detail in the City's Capital Improvement Plan.

PROPRIETARY FUND TYPES:

Enterprise Funds

On August 28, 2008, the City issued the Series 2008 Revenue Certificates of Participation Bonds in the amount of \$7,550,000. The purpose of the bonds was to finance capital

improvements to the City Water System. The Bonds are payable solely from the net revenues of the Water System of the City.

On May 4, 2016, the City refunded the Series 2008 Revenue Certificates of Participation Bonds and re-issued the City of Lomita Water Revenue Refunding Bonds, Series 2016 through a Private Placement Agreement with City National Bank in the amount of \$7,200,000. The purpose of the refunding was to secure a lower fixed interest rate of 3.25%. The Bonds are payable solely from the net revenues of the Water System of the City.

On July 1, 2021, the City refunded the Series 2016 Water Revenue Refunding Bonds and re-issued the City of Lomita 2021 Water Revenue Refunding Bonds through a Private Placement Agreement with Capital One Public Financing in the amount of \$6,081,000. The purpose of the refunding was to secure a lower fixed interest rate of 2.20%. The Bonds are payable solely from the net revenues of the Water System of the City.

The Water Operating Fund is used to account for the operation of the City's water utility system. Revenues are generated from user fees, which are adjusted periodically to meet the costs of administration, operation, maintenance, and capital improvements to the system.

The Water Capital Fund is used to account for capital improvements to the City Water System. This includes ongoing Water Main Replacement and Waterline Replacement Projects.

The Rate Stabilization Fund is a designated transfer from the Water Capital Fund as required for the Cypress Reservoir Bond.

Internal Service Funds

The Equipment Replacement Fund is used to account for the City's cost of maintenance replacing the City's capital assets. City departments are the primary users of these services and are charged a fee on a cost reimbursement basis.

FIDUCIARY FUND TYPES:

Trust & Agency Funds

The Railroad Foundation Fund is used to report a trust arrangement. All resources of these funds including any earnings on investments must be used for specific purposes as set forth in the trust agreement.

Tom Rico Memorial Fund is used to report a trust arrangement. All resources of these funds including any earnings on investments must be used for specific purposes as set forth in the trust agreement.

CITY OF LOMITA CITY COUNCIL REPORT

TO: City Council **Item No. PH 11**

FROM: Ryan Smoot, City Manager

PREPARED BY: Susan Kamada, Administrative Services Director

MEETING DATE: June 21, 2022

SUBJECT: Discussion and Consideration to Adopt the Fiscal Year 2022-2024 Biennial Budget and Consideration of Salary Schedules and Job Classifications for Non-Represented and Part-Time Positions

RECOMMENDATION

Conduct public hearing and after discussion, consider adopting the seven attached resolutions for the complete implementation of the Fiscal Year 2022-2024 Biennial Budget. These resolutions/actions include:

- 1) City of Lomita's Biennial Budget for Fiscal Year 2022-2024
- 2) Annual Investment Policy Statement
- 3) Annual Appropriation Limit Resolution
- 4) Annual Employee Compensation Plan for LCEA
- 5) Annual Full-Time Non-Represented Employee Compensation Plan
- 6) Annual Part-Time and Temporary Employee Compensation Plan
- 7) Approving a Compensation and Benefits Plan for the Non-Represented Employees (Years 2022- 2025)
- 8) Approving job classifications for non-represented and part-time positions

In addition, it is recommended that the job classifications for non-represented and part-time employees be approved.

BACKGROUND

The first resolution establishes the City of Lomita's Biennial Budget for Fiscal Year 2022-2024, and policy and authority for future modification of the City's Budget. The resolution establishes that the City Manager has authority to transfer appropriations between departments but not between funds. The City Council retains all authority not specifically delegated.

The second resolution establishes the Annual Investment Policy for the City of Lomita and approves the guidelines for prudent investment of the City's financial resources.

The third resolution establishes the City of Lomita's annual appropriation limit and the California per capita personal income and population percentage change factors used in determining that limit pursuant to the State Constitution.

The fourth and fifth resolutions establish the Authorized Positions and Salary Schedules for full-time and part-time employees of the City of Lomita. The City's full-time employees are grouped into 3 categories for purposes of salary and benefits. The three categories include direct Council appointees, the non-represented employee group, and the represented employee group. Per the Lomita Municipal Code, the City Manager and the City Attorney are the only two positions directly appointed by the City Council. The City Clerk is ratified by the City Council but is recommended by the City Manager and its benefits and compensation are listed with the non-represented employee group. The non-represented employee group includes department heads, managers/supervisors, and confidential employees. The represented employee group includes all other employees.

The term of the current compensation plan for the non-represented employees expires on June 30, 2022.

As you know, the labor market over the last couple of years has been extremely tight. In addition to a number of represented positions that have been vacant due to resignations, the City has had the last two Community and Economic Development Directors leave for positions with other cities and our Public Works Superintendent also resigned. In recognition of the City's challenges with recruitment and retention of high-quality employees to accomplish the City's goals, the City Council had the foresight to commission a Classification and Compensation Study last year to assess the City's competitiveness in the marketplace for employees. The City Council received and filed the final reports of that study at its last meeting.

The table below summarizes amendments included in the attached resolutions:

| Provision | Action/Effective Date |
|--|---|
| End of Term | June 30, 2025 |
| Establishment of a New Salary Schedule that achieves 95% Median based on Comp. Study | First full pay period after July 1, 2022 |
| COLA | 2% (7/1/2022) 1.5% (7/1/2023) 1.5% (7/1/2024) |
| Cafeteria Plan (for Health, Dental, Vision and Misc Insurance) | +\$100/month (7/1/2022) +\$100/month (7/1/2023) +\$100/month (7/1/2024) |
| Wellness Stipend | \$150 annually |

The proposed hourly rates for part-time positions are included in the new salary schedule as well. Recommendations for proposed salaries for all part-time positions have been placed to make the City more competitive going forward and to ensure appropriate alignment with the City's other classifications.

Represented Employees

On December 17, 2019, the City Council approved Memoranda of Understanding with the Administrative and Field Service Units of the Lomita City Employees Association (LCEA) providing for an agreement through June 30, 2022. The term was for 4 years (starting on July 1, 2018) with certain provisions taking effect starting on December 17, 2019. The MOUs will expire on June 30, 2022. The City is currently in negotiations with the Lomita City Employees Association (LCEA) and will return to the Council with MOUs for consideration after a tentative agreement has been reached. New classification specifications and salary tables for these represented positions will be included at that time.

Job Classifications

The goals of the classification study were to assist the City in developing an up-to-date and current classification plan and classification descriptions which accurately reflect the goals of the City, accurately reflect current assignments, programs, responsibilities, and technologies used in the completion of duties, and appropriately recognize the level and scope of work performed and ensure each classification is allocated to appropriate classification levels and classification titles within the overarching classification structure – i.e. ensure appropriate internal alignment and supervision among the City's personnel.

Koff and the City's teams accomplished this by obtaining detailed information regarding each position through a variety of techniques, including written Position Description Questionnaires (PDQs) and interviews with each employee directly, with supervisors, and with management teams. Once completed, the draft classifications were aligned with recommended title changes, reclassifications, and other adjustments, and reviewed by the City's management teams and with each individual employee. Comments were received and incorporated where appropriate and final recommendations are included in the final reports which the Council received previously. As promised at your last meeting, Final Classification Specifications for Non-Represented and Part-Time positions are attached for approval along with the budget.

Adjustments Since Budget Workshop:

At the May 19, 2022 Budget Workshop, staff presented the proposed Fiscal Year 2022-2024 Biennial Budget and the Council directed staff to proceed with the preparation of the Final Draft Fiscal Year 2022-2024 Biennial Budget. Since that meeting, the State has sent revised allocations for the State's Gas Tax program and Lomita's estimated revenue was reduced by approximately \$45,000. CDBG final allocation is approximately \$5,500 less than previously estimated. These reductions are reflected in the proposed revenue budget. Staff is recommending adopting the revenue as proposed and will address the shortfall between revenues and expenditures as part of the Mid-Year Budget Review.

The General Fund revenues for FY 2022-2023 are projected at \$13,851,603 and the General Fund expenditures for FY 2022-2023 are projected at \$13,851,603.

Total appropriations authorized by the budget in Fiscal Year 2022-2023 include:

| |
|---|
| \$ 13,851,603 for general fund operating budget request; |
| \$ 6,925,813 for water enterprise fund budget request; |
| \$ 12,623,594 for all capital improvement projects request; and |
| <u>\$ 3,972,630 for all other fund budget request</u> |
| \$ 37,373,640 Total Appropriations authorized by the Fiscal Year 2022-2023 Budget |

The General Fund revenues for FY 2023-2024 are projected at \$14,200,427 and the General Fund expenditures for FY 2023-2024 are projected at \$14,156,877.

Total appropriations authorized by the budget in Fiscal Year 2023-2024 include:

| |
|---|
| \$ 14,156,877 for general fund operating budget request; |
| \$ 7,169,946 for water enterprise fund budget request; |
| \$ 6,538,877 for all capital improvement projects request; and |
| <u>\$ 3,136,369 for all other fund budget request</u> |
| \$ 30,517,069 Total Appropriations authorized by the Fiscal Year 2023-2024 Budget |

OPTIONS:

1. Adopt the proposed 2022-2024 Biennial Budget, attached Resolutions, with all modifications made by the City Council at the May 19, 2022 Budget Workshop.
2. Do not approve the proposed 2022-2024 Biennial Budget and provide further direction to Staff. The final budget needs to be adopted prior to July 1, 2022

FISCAL IMPACT

The approval of the 2022-24 Biennial budget provides the basis for revenues and expenditures throughout the fiscal year and may be amended from time to time as approved by the City Council. The first-year cost impact associated with the Class and Compensation Study (Non-Represented and Part-Time) is \$44,000 and is included in the Proposed Budget.

Subject: City Manager's FY 2022-2024 Budget Message

Dear Honorable Mayor, City Council and Citizens of Lomita:

It is my pleasure to submit the first Fiscal Year Biennial 2022-24 Operating and Capital Improvement Budget for the City of Lomita. The City Council has continued to set a high standard for service delivery, especially in the face of the COVID-19 pandemic, and this budget has been targeted to accomplish the goals set forth by the City Council at its last Strategic Planning Session. While the COVID-19 Pandemic has and will continue to have lasting effects on the ways in which we meet the needs of the community, I am proud of our organization and the resilience and compassion with which we have carried Lomita forward. The Fiscal Year 2022-24 Biennial Budget builds on the many lessons learned from the pandemic and sets lofty goals for our team to accomplish; we look forward to taking these lessons and continuing to improve Lomita for generations to come.

This is the first time in the City's history the budget has been prepared on a biennial basis. The biennial budget allows the City to better plan for revenues and expenditures over the intermediate term and provides the public with a clear plan for investments in the community beyond one single fiscal year. The Fiscal Year 2022-24 Biennial Budget is balanced without the use of any carryover funds, and benefits from additional revenues committed through the approval of Measure L while representing a total investment of more than \$67 Million over the next two years into the Lomita community.

While the budget plan reflects the significant investments in the future of the community, the reality is that there continue to be challenges ahead and Citywide revenues are still in the process of returning to pre-pandemic levels. One-time federal funding has helped to bridge budget challenges in FY 2021-22 and in the current FY 2022-23 budget, allowing us to not only continue essential programs and services, but make strategic community investments to core resources and programs that create opportunities for residents and business to thrive. The City Council's commitment to fiscal prudence and modernization of our revenue structure will keep us on our road to recovery and long-range stability. In recent years, cost increases have outpaced the City's revenues, but this year, thanks to overwhelming approval of Measure L, the City is able to reinvest additional revenues into the things our community cares for the most while setting the City on a strong financial footing.

The top priority of our residents, and in turn our top priority is to keep Lomita residents safe and protect their quality of life. We are taking proactive measures to ensure the safety and well-being of all families residing in Lomita. Like last year's budget, we are giving priority to the services that our residents need the most – such as quick emergency response, senior support, as well as recovering from the effects of pandemic related closures and losses. But this year we are also

investing heavily into the future of the Lomita Water System with the completion of the G.A.C. upgrades at our water production facility, supplementing our Public Safety and Traffic safety efforts with additional patrol deputies across the community, continuing our ongoing efforts to rebuild our streets and sidewalks, and building up our capacity to grow and prepare for the recovery and rebuilding of our State and local economy. Many of these efforts would simply not be possible without the support of our residents through the approval Measure L.

Although the City operates twenty-nine (29) government-type funds, which include the General Fund (and its miscellaneous fund components), Special Revenue funds, Capital Project funds, and Internal Service funds. These government funds comprise approximately 64% of the total revenue and 63% of the total expenditures for the City in the Budget, making up the majority of the City's operation.

The two (2) Enterprise funds (Water Operations and Water Capital) make up approximately 36% of the overall revenue stream and are intended to be self-supporting activities; and 37% of the total expenditures for the City in the Budget. The General Fund is the City's primary source of funding for general City operations and is the fund most directly available for appropriation by the City Council. For this reason, it is the focus of this letter, though all funds are accounted for in the proposed budget.

Overall revenues are projected to increase by almost \$4.5 million, which includes revenues received from the American Rescue Plan (not including transfers from other funds). Within the City's General Fund, the primary funding source for government wide obligations, revenues are projected to be \$13,851,603 and \$14,200,427 for Fiscal Years 2022-23 and 2023-24 respectively with planned expenditures of \$13,851,603 and \$14,156,877. The overall budget in each fiscal year has been balanced without the use of the City's Reserves or transfers from other funds.

Below is an overview of the major General Fund revenue sources and expenditures with comparisons to previous years:

General Fund Overview of Fiscal Year 2022-2024 Biennial Budget

The General Fund is the general operating fund of the City. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other funds are accounted for in this fund. Expenditures of this fund include the general operating expenses which are not paid through other funds.

Although the economy has continued to pull itself out of the pandemic-induced recession, City staff is monitoring indications that the economy may be on a pre-recessionary path due to high inflation, shortages, and other economic indicators. In light of this, the revenue projections included in the budget continue to be conservative, and reflective of the uncertainty related to the economic recovery. A more detailed account is described below.

General Fund Revenues

General fund revenues for FY 2022-23 are projected at \$13,851,603, an increase of \$1,700,036 from FY 2021-22 Amended Adopted Budget. The overall increase is primarily due to the approval

of Measure L and vehicle license fees. General fund revenues for FY 2023-24 are projected at \$14,200,427, a slight increase of \$348,824 from FY 2022-23.

With an understanding that previous year revenue estimates were decreased due to the pandemic, some of the most significant year-to-year changes in funding for FY 2022-23 are listed below:

- Sales tax revenue (including the Bradley-Burns and Measure L revenues) is projected at \$4.75 million, a net increase of \$905,568 from FY 2021-22 Amended Adopted Budget and represents 34.34% of total general fund revenues.
- Motor Vehicle In-Lieu revenue is projected at \$2.65 million, a net increase of \$150,000 from FY 2021-22 Amended Adopted Budget and represents 19.13% of total general fund revenues.
- Property tax revenue is projected at \$1.92 million, a net increase of \$55,699 from FY 2021-22 Amended Adopted Budget and represents 13.87% of total general fund revenues.
- Business License Fees are projected at \$659,750, a slight increase from FY 2021-22 Amended Adopted Budget and represent 4.76% of total general fund revenues.
- Building Department Fees are projected at \$650,000, a slight increase of \$50,000 from FY 2021-22 Amended Adopted Budget and represent 4.69% of total general fund revenues.

It is important to note that although it is accounted for separately from the general fund in the proposed budget, the City is anticipating significant funding from the Federal Government's "American Rescue Plan Act 2021." The City Council has established a committee to work with City staff, the Chamber of Commerce and our local businesses and residents to allocate the programming of that funding. At the September 19, 2021 City Council meeting, Council approved allocations of that funding to the following programs: Cypress GAC Project, Job Creation & Business Incentive Program, Façade Improvement Program, Workforce Development Program, Workplace Safety & EOC Upgrades and, Digital Infrastructure Upgrades.

General Fund Expenditures

Preliminary projections for the coming years were developed in early 2022, but specific expenditure categories and programs were developed following the City Council's Strategic Planning and Goal Setting sessions. The expenditures detailed below represent our efforts to drive those goals forward.

General fund expenditures for FY 2022-23 are projected at \$13,851,603 – an increase of \$1,700,536 from FY 2021-22 Amended Adopted Budget. General fund expenditures for FY 2023-24 are projected at \$14,156,877 – a slight increase from the FY 2022-23 Proposed Budget. Adjustments to expenditures include supplementing our Public Safety and Traffic safety efforts, increasing our ongoing efforts to rebuild our streets, and building up our capacity to grow and prepare for the recovery and rebuilding of our State and local economies. They also include continued implementation of the Safety and Housing Element updates, technology, and digital infrastructure upgrades, planning for future updates to the City's General Plan and zoning codes, and increasing the City's voice in State and federal affairs - especially as it relates to local control.

Some of the major expenditure adjustments in the budget include the following:

- \$750,000 additional investment in each fiscal year into the City's Street Improvement Fund over and above already planned upcoming street rehabilitation projects.

- \$300,000 additional investment in each fiscal year to replace aging equipment for Street and Maintenance crews, some of which is more than 30 years old.
- An additional \$200,000 in each fiscal year set aside to prepare for a comprehensive review of the City's General Plan (last updated in 1998)
- Additional engineering staffing to expedite delivery of capital improvement projects and Water Operations staff in anticipation of the completion of the GAC upgrades to the Cypress Water Production Facility.
- Disaster recovery, cyber security, and broadband infrastructure upgrades
- Increase in part time staffing as Recreation programming and special events return.

Summary Conclusions

The Proposed Fiscal Year Biennial 2022-24 Budget keeps our organization moving forward and capitalizes on opportunities to grow and adjust. It maintains and builds critical services and invests in long term infrastructure improvements to enhance the quality of life of our residents.

In summary, the Fiscal Year Biennial 2022-24 Operating and Capital Improvement Budget provides a spending plan that maintains Lomita's tradition of fiscal responsibility while building and investing in the things that make Lomita strong.

I would like to recognize the efforts of our Departments on developing key strategies to accomplish the City Council's goals, and specifically our Administrative Services Department for putting together a clear, concise, and transparent budget document. I would also like to recognize the City's staff for their tireless efforts to improve our community. Our Team Lomita is what makes this organization strong, and we are proud to have them. Finally, I would like to thank the City Council for their continued support and for providing a long-term vision to drive this community into the future.

Sincerely,

Ryan Smoot
City Manager
