PUBLIC NOTICE

Street Reconstruction of Various Streets in Zones C & F

Dear Resident,

The City of Lomita has contracted with Sequel Contractors, Inc. to make street improvements in your neighborhood from April 11, 2022 to August 2, 2022. The next phase of work will consist of Cold milling (grinding) the streets and applying crack seal from **Monday, May 16th, 2022 to Friday May 20th, 2022**; and paving which is scheduled to occur from **Monday, May 23, 2022 to Friday, May 27, 2022**.

During this phase of work, crews will need **full access** to the street. Your street will be closed to vehicular traffic for several hours, between 7:00 a.m. to 5:00 p.m. except for emergency vehicles.

On-street parking will therefore be prohibited between 7:00 a.m. and 5:00 p.m. Any car parked once construction has begun, will be subject to being towed. **Two days prior to the work, "No Parking" signs will be placed to define the work areas for each day.**

For Residents living on the streets listed below, the trash collection schedule has been modified for the days of construction. Trash will be picked up by 6:00 a.m. Please roll trash bins into the street and place them against the curb on the evening before Trash Pick-up days or on the mornings of the Trash Pick-up days as trash collection will start at 6:00 a.m. Please remove the trash bins from the streets by 7a.m.

Streets Impacted by modified trash pick-up schedule:

Trash Pick-up Day		<u>Monday, May 16 & 23, 2022 starting at 6 a.m.</u>
<u>STREET</u>	<u>FROM</u>	<u>TO</u>
Hendricks Avenue	245 th Street	End of Hendricks Avenue

Trash Pick-up Day		<u>Monday, May 23, 2022 ONLY starting at 6 a.m.</u>
<u>STREET</u>	<u>FROM</u>	<u>TO</u>
Lomita Park Pl	Eshelman Avenue	End of Lomita Park Pl

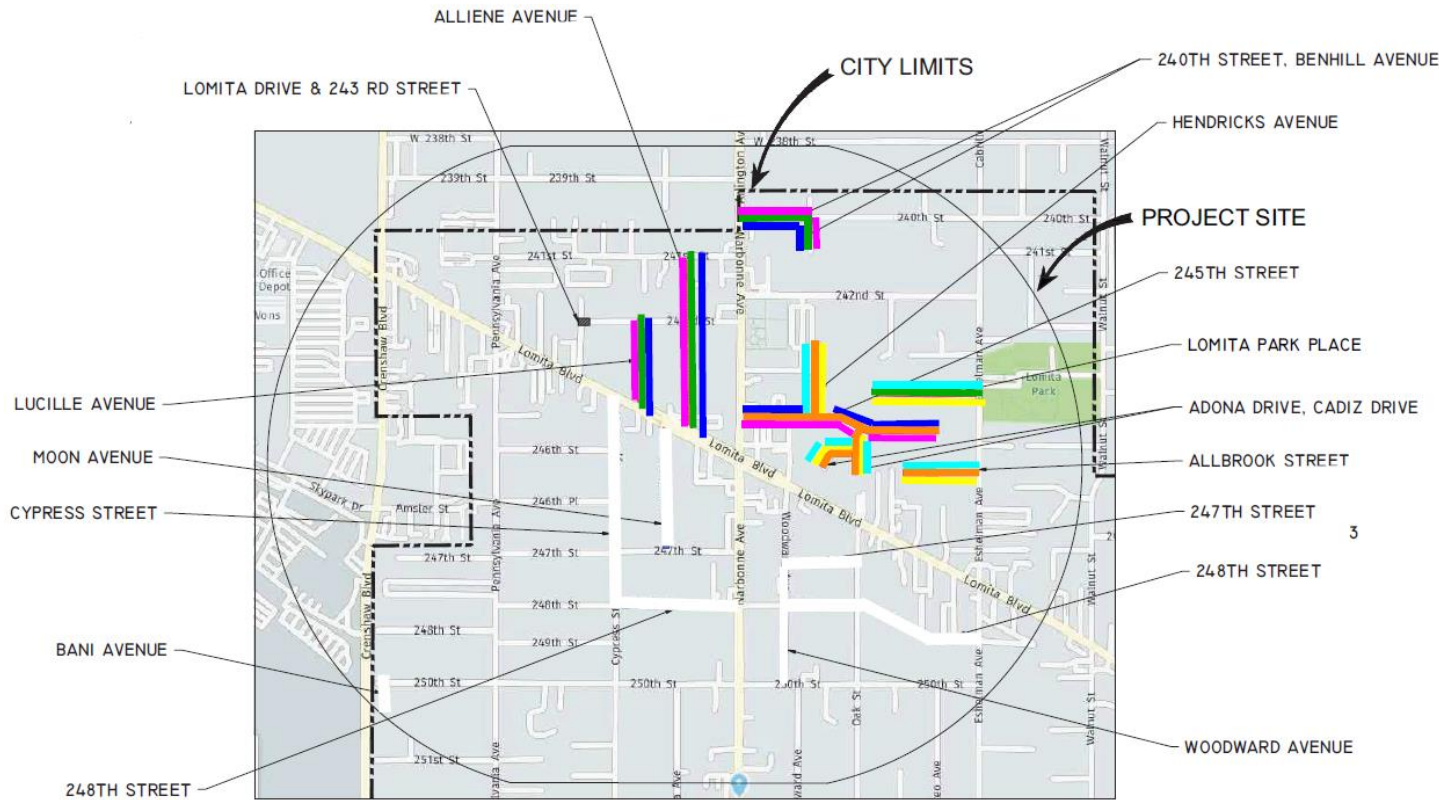

If you have any questions or concerns during construction **or need to make specific arrangements regarding driveway access, please contact the Sequel Contractors' Superintendent directly at: 562-202-8091.** The City's Resident Engineer and Inspector will be on site daily to monitor construction activities and can be reached at 714-482-7347.

For a few days following the resurfacing, please drive at reduced speeds and avoid sharp turning movement so as to allow the new surface to "set". The contractor will return on the following week, to replace striping and STOP bars throughout the City. The striping work will take roughly two weeks.

The City and contractor are committed to working with you to help minimize the impact of the construction on your daily activities.

Thank you for your patience and understanding while we work to improve the City of Lomita.

Below is a map of activities for the next phase of work
