As part of our ongoing effort to improve student safety around our schools, the City of Lomita is working to **improve the pick-up experience and safe routes to school** for Eshelman Avenue Elementary, Lomita STEAM Magnet, St. Margaret Mary, and Alexander Fleming Middle Schools.

Now, we need your ideas and feedback.

Stop by at any time to:

- **Learn** about the study and its goals
- **Share your experiences** with pick-ups, drop-offs, and walking and biking to school
- **Offer your ideas** and input on safety and access improvements near the schools
